EDUCATION

Bachelor of Technology in Computer Science and Engineering November 2022- June 2026
National Institute of Technology, Hamirpur
Relevant Coursework: Data Structures and Algorithms, Object Oriented Programming, Operating Systems, Discrete Mathematics, Computer Organization and Architecture, Relational Database Management Systems, Compiler Design

SKILLS

Languages	C++, Python, JavaScript, TypeScript, HTML5, CSS
Technical Skills	Web Development,Git/Github, Graphic Design
Frameworks and Tools	React.js, Node.js, Express.js, Tailwind CSS, Figma, Adobe Illustrator, Chrome Developer Tools, Visual Studio Code, Postman
Databases and Platforms	MongoDB, MySQL

EXPERIENCE

Co-ordinator December 2023 - Present
Team .EXE *NIT Hamirpur*

- Masterminded innovative initiatives with team members to curate standout projects for the Exhibition at **Annual tech fest Nimbus** of our college, elevating the club's reputation
- Collaborated with cross-functional teams to implement responsive design techniques, resulting in a **60% improvement** in mobile traffic and boosting overall site conversion rates by 15%

Web Developer March 2024 - February 2025
Department of Computer Science & Engineering, NIT Hamirpur *NIT Hamirpur*

- Directed a team of 3 frontend developers to create the official website for CSE Department, NIT Hamirpur, resulting in a **20% increase in user engagement** and a **decrease in bounce rate by 15%**
- Developed and executed a comprehensive SEO strategy for the official department website, resulting in a **40% increase in organic traffic** and a **25% boost** in lead generation metrics
- Streamlined the onboarding process for junior developers by creating a comprehensive training program, resulting in a **50% reduction in ramp-up time** and enabling seamless website maintenance across a **team of 8**

PROJECTS

Official Website of CSE Department, NIT Hamirpur (Live link)
Next.js, React.js, Tailwind CSS, Node.js, MySQL, VS Code, Figma, Illustrator

- Composed and executed comprehensive usability testing protocols, identifying key areas for improvement that led to a **60% rise** in user satisfaction scores, as evidenced by post-launch surveys conducted with over **1,000 participants**
- Contributed to **front-end coding efforts on key features**, leading to a **30% improvement** in page loading speed and a **20% increase** in overall website performance
- Implemented RESTful API integrations using **Node.js and Express.js**, enabling seamless data exchange between frontend and backend services, improving application **responsiveness by 25%**

Club Website: Team .EXE, NIT Hamirpur (Live link)
React.js, Next.js, Figma, Tailwind CSS, Firebase, Framer Motion, Git/GitHub

- Created an intuitive and visually appealing **UI design** for the website, integrating interactive features and seamless navigation, culminating in **10% surge** in user engagement
- Implemented advanced frontend features, **reducing loading times by 50%**, leading to a **25% improvement in user engagement metrics** and a **15% boost in conversion rates**

Fintrack (Live link)
React.js, Next.js, TailwindCSS, shadcn, JavaScript, Figma, MongoDB, Git/GitHub

- Built a responsive personal-finance web app with Next.js, React.js, and Tailwind CSS, implementing **SSR and client hydration** to reduce **first-load time by 40%**
- Orchestrated the design and construction of Next.js API routes utilizing MongoDB (Atlas), enabling efficient management of **5,000+ transactions** and delivering aggregated monthly spend queries in **under 200ms**
- Engineered a high-quality, production-ready application, achieving exceptional **Lighthouse** audit scores of **98 in Performance**, **90 in Accessibility**, and **100 in both Best Practices and SEO**

ACHIEVEMENTS

- Garnered accolades from the ***Director, NIT Hamirpur*** and ***HoD, CSE*** due to significant input in creating an innovative website for the **CSE Department**, highlighting strong teamwork skills while managing diverse roles among six colleagues (Credentials)
