EDUCATION

Bachelor of Technology in Computer Science and Engineering November 2022- June 2026
National Institute of Technology, Hamirpur
Relevant Coursework: Data Structures and Algorithms, Object Oriented Programming, Operating Systems, Discrete Mathematics, Computer Networks, Relational Database Management Systems, Compiler Design

SKILLS

Languages	C++, Python, JavaScript, TypeScript, HTML5, CSS
Technical Skills	Web Development,Git/Github, Graphic Design
Frameworks and Tools	React.js, Node.js, Express.js, Tailwind CSS, Figma, Adobe Illustrator, Chrome Developer Tools, Visual Studio Code, Postman
Databases and Platforms	MongoDB, MySQL, PostgreSQL

EXPERIENCE

Co-ordinator December 2023 - Present
Team .EXE *NIT Hamirpur*

- Masterminded innovative initiatives with team members to curate standout projects for the Exhibition at Annual tech fest Nimbus of our college, which elevated the club's reputation
- Collaborated with cross-functional teams to implement responsive design techniques, which improved mobile traffic and boosted overall site conversion rates

Web Developer March 2024 - February 2025
Department of Computer Science & Engineering, NIT Hamirpur *NIT Hamirpur*

- Directed a team of three frontend developers to create the official website for the CSE Department, NIT Hamirpur, which increased user engagement and decreased the bounce rate
- Streamlined the onboarding process for junior developers by creating a comprehensive training program, which enabled seamless website maintenance

PROJECTS

Official Website of CSE Department, NIT Hamirpur (Live link)
Next.js, React.js, Tailwind CSS, Node.js, MySQL, VS Code, Figma, Illustrator

- Contributed to front-end coding efforts on key features, which improved page loading speed and overall website performance
- Implemented RESTful API integrations using Node.js and Express.js, enabling seamless data exchange between frontend and backend services and improving application responsiveness

Club Website: Team .EXE, NIT Hamirpur (Live link)
React.js, Next.js, Figma, Tailwind CSS, Firebase, Framer Motion, Git/GitHub

- Created an intuitive and visually appealing UI design for the website, integrating interactive features and seamless navigation, which surged user engagement
- Implemented advanced frontend features, which reduced loading times and improved user engagement and conversion rates

Fintrack (Live link)
React.js, Next.js, TailwindCSS, shadcn, JavaScript, Figma, MongoDB, Git/GitHub

- Orchestrated the design and construction of Next.js API routes utilizing MongoDB (Atlas), enabling efficient management of transactions and delivering aggregated monthly spend queries quickly
- Engineered a high-quality, production-ready application, achieving exceptional **Lighthouse** audit scores of **98 in Performance**, **90 in Accessibility**, and **100 in both Best Practices and SEO**

ACHIEVEMENTS

- Garnered accolades from the ***Director, NIT Hamirpur*** and ***HoD, CSE*** due to significant input in creating an innovative website for the **CSE Department**, highlighting strong teamwork skills while managing diverse roles among six colleagues (Credentials)
- Solved **500+** problems on **LeetCode** and achieved a **1600+** rating in **LeetCode Contests** (Link)
- Solved **100+** problems on **Codeforces** and achieved a **800+** rating in **Codeforces Contests** (Link)
